ST. FRANCIS 24/7 CALL CENTER: (321) 269-424

St. Francis REFLECTIONS® Hospice
Established 1977 • Licensed 1990

Non-Steroidal Anti-Inflammatory Drugs (NSAIDs)

Indications for Use:

- Relieves mild-to-moderate pain and reduces inflammation especially in joint or muscle pain.

Medication Examples:

- Aspirin
- Ibuprofen
- Naproxen
- Diclofenac
- Meloxicam

Common Side Effects:

- Stomach pain
- Increased bleeding
- **Long-term Use:** Increased kidney issues

Tips:

- **Administration:** Follow medication instructions closely to avoid exceeding recommended dose.
- To reduce stomach upset, take with food.
- Monitor for signs of bleeding (i.e. dark stools) especially when using with other NSAIDs or blood thinners.
- **Storage:** Store in a safe place, away from heat, sunlight, and moisture. Keep all medicines out of reach of children or pets.

St. Francis Reflections is always available to assist with any questions or concerns 24/7
